SAURABH KUMAR

Full Stack Developer (AI)

+91-8920023440 | saurabhkumar22278@gmail.com | Rohini, New Delhi - 110086

Portfolio - Linkedin - GitHub

PROFESSIONAL SUMMARY

Full Stack Developer with 2+ years of experience building scalable, high-performance web applications using React.js, Next.js, and ASP.NET Core. Skilled in Tailwind CSS, GSAP, WordPress, and Shopify, with a focus on responsive user interfaces, clean maintainable code, and performance. Experienced in AI-assisted full stack development.

EXPERIENCE

❖ Full Stack Developer (AI) | July 2025 - Present

D Succeed Learners Pvt. Ltd (Delhi, India)

- Managed and maintained 10+ active company websites, ensuring responsiveness, performance, and regular updates
- Developed and deployed full stack web applications using React.js/Next.js and ASP.NET Core, with REST APIs, authentication, and live production hosting
- Developed a CMS Portal using React.js and Tailwind CSS to streamline content management and website updates
- Migrated a legacy website to Next.js, improving performance by 85%, SEO, and scalability
- Develop full stack code using AI-assisted workflows (Claude) for faster coding, debugging, and iteration, while owning architecture, API integration, and deployment
- Built a real-time multilingual chatbot platform (React 19, Node.js/NestJS, PostgreSQL, Redis, Socket.IO) with a visitor chat widget, agent console, and admin portal, plus live translation and voice support
- Secured the platform with multi-tenant row-level security, Argon2id auth, and OpenID Connect SSO; set up CI/CD with Azure Pipelines and PM2 on an Azure VM with automatic rollback
- Implemented security measures to protect company websites and web applications against common vulnerabilities, improving security by 95%
- Performed manual testing to ensure bug-free, smooth user experience across platforms

❖ Front End Developer | May 2024 - June 2025

PayMe FinTech Solutions (New Delhi, India)

- Developed the frontend for a blockchain-based payment platform, focusing on seamless and secure transaction flows
- Built a responsive Admin Dashboard to manage users, transactions, and system activities
- Collaborated with the team to integrate frontend with backend services and optimize performance

❖ Web Developer Intern | Jan 2024 - Apr 2024

ProjectCACA (New Delhi, India)

- Collaborated with the UI team to design clean, responsive user interfaces
- Assisted in WordPress theme customization and content integration
